4. Most Likely to Succeed movie and Project Based Learning Dialogue	<ul style="list-style-type: none"> • Summary of movie and how the night went given by M Eckert • M Eckert wonders how much room teachers have to flex the current curriculum, and wonder if we could ask parents about their opinion of the curriculum. Some teachers who attended feel like the current curriculum inhibits project based learning (what the movie features). Perhaps with with new ESSA, this could happen - project based learning - on a more regular basis. • M Eckert suggests we find a way to get parents more informed about curriculum and learning of their child that is happening in the classroom; parents would like a more understanding of what the philosophy and goal of our education • T Jokiel suggested that we should have a talk story session to dialogue about showings. • Nancy responded that project based learning could happen at our school but on a small scale; shared service projects • Question: Can we do more project based learning?
New Business

for Approval by SCC	<ul style="list-style-type: none"> • How do we monitor this plan? SCC, each quarter, can ask leads of cadres (who created the enabling activities of the plan) to send SCC a report of the statuses of the enabling activities. These quarterly reports will help SCC to monitor the academic plan more effectively. • Marta edited plan while different members made suggestions after dialogue was had <p>Wonderings:</p> <ul style="list-style-type: none"> • -Should vocabulary be the same throughout the plan (tier 1 vs core instruction)? • -Should we change verbiage “Each teacher prepares students to have the array of background..to score proficient or above” to encourage high growth using student growth percentile? • Should PBIS enabling activity 2 include PD on restorative practices/social emotional learning? • All of the desired outcomes for each strategy are empty; this should be filled out for each strategy to focus our enabling activities • Under Goal 2, Strategy 4 - all of these enabling activities should not JUST address new/beginning teachers...shouldn’t it address mentoring of all teachers on an ongoing basis? • Column of evidence of progress in plan needs to be improved <p>Suggestions for improving school:</p> <ul style="list-style-type: none"> • Family enrichment enabling activities that were eliminated would be quite beneficial for parents • Should look for ways to solicit parent voice in what is happening in our school. <p>Ann Cassidy moved to accept draft SY 2016-17 academic plan as revised ; seconded by Marta Finley.
