Agenda

Welcome and Introductions	Natalie Lalagos
Check In	Natalie Lalagos
Old Business - 1. Review of April 19, 2018 meeting	Update last minutes to reflect that Cassie Lund was recommended to contact Nicole Lowen regarding the parking funds ... (SCC discussion: Cassie was encouraged to invite Nicole Lowen to any meetings that come about.) Motion to accept minutes with amendments noted: Bob Second: Jade Minutes from 4/19 approved
Unplanned business:	Cassie did contact Nicole Lowen and was told the \$ came through in 2015 and we lose it next month Cassie concerned that limited people other than past adm and Nancy and she are aware of the funds. Cassie feels no one's job here is responsible for this funding; DOE approaches and addresses these funds when it is critical in nature. Has requested several reviews to make KES more of what it can be ... need to set objectives, plan of action, designate person responsible for each of the different objectives; Teresa -- follow-up? -- where do we look? are we looking for following where you are considering; I cannot move forward until I get answers; Cassie -- feels like rather than her input being willingness to address concern she was "turned into the problem"; now working with state to get new monies to address the parking concern Nancy -- Arnold Uyehara -- Facilities Coordinator, he will meet with Cassie and Nancy tomorrow morning. Cassie -- if more questions, please refer to Nancy; one more recommendation -- lay out lower parking lot ... community day, may be able to provide additional spots down there if approved and wisely laid out ... would like to move forward for 5-10 parent/visitor parking opened up,
New Business - 1. SCC Self Assessment	discussion: Marsha Eckert keeps tallies, Natalie reporting outcome; 1.d -- Pohai takes to student council, Nancy -- our bylaws do not include students;

<p>2. Principal Evaluation</p>	<p>NANCY _ - this report stays here, just allows us to work toward improving our performance in SCC action; Sect 2: Natalie -- perhaps we can be “more explicit” in the orientation might changing time a bit encourage more parents; follow bylaws; Sect. 3 -- we “raise and discuss”, how can we dig in further? respect for culture and linguistic diversity -- started year with talking stick, then dropped 1.... don’t necessarily bring other linguistic history to table and open that and increase support Sect. 4 -- concerns with b -- use data and research, question decision-making role; c.) always room to grow; what decisions do we make? Purpose? Sect. 5 --</p> <p>Broad discussion related to the prompts on this evaluation.</p>
<p>How did we do? a. How well did we work together to meet our goals? b. What can be done to improve at the next meeting?</p>	<p>We focused well and accomplished the agenda set forth.</p> <p>talked about more time for future meetings ... sub committees ... or extra meetings</p>
<p>Next meeting: Aug. 23, 2018 3:30 to 5:00 pm</p>	<p>Agenda: Introduction to SCC Review of ByLaws</p>
